

Release Note for Enfocus Connect 21 (Build No. 1286135)

What's New:

1. Integration of Pitstop Library 2021
2. Support for MacOS BigSur with Rosetta
3. Dropped Switch 13 support
4. New Dropbox API support for Dropbox delivery
5. Adobe 2021 plugin support via Connect installers

Customer Bug Resolved:

1. ENFC - 11151 : Connect: Can't access FTP directory from a Windows account with Japanese name.
2. ENFC - 7964 : Connect ALL crashes while fetching submit points from Switch where Switch contains 100+ submit points
3. ENFC - 3577 : Connect InDesign plugin : PDF preset not overruled by user selection
4. ENFC - 10749 : Connector: Error when submitting multiple files to Connector without compression
5. ENFC - 10579 : Connect: External HTML Job Ticket Checkbox Values Don't Work
6. ENFC - 8929 : Special Danish Characters in file names fail in Connector
7. ENFC - 10388 : Drag and drop from sharepoint to connector not working

Known issues:

1. ENFC-8020 - Apostrophes in Job Tickets cause problems in HTML form
2. ENFC - 13454 - The checkbox values are not getting exported when multiple checkboxes are checked. If checkbox elements have same name
